What the customer says:

"The new Anti goal is the best goal I have seen in over 30 years of water polo, it is light weight - one person can handle the goal, it is very durable and I love the training rod along the back of the goal that allows for balls to be stored in the back of the net during training sessions, this is such a great inclusion, go easy for the GK to reach for a ball when needed. The goals are also easy to store as they fold into a very compact area.
